

## MET TODAY

## A NUMBER OF PEOPLE FROM THIS CITY ATTEND THE ANNUAL EVENT

The trains yesterday and this morning were crowded with people who were on their way to Reno to attend the annual Field Day meet of the High Schools of the State.

Teams arrive in Reno from Elko, Reno, Virginia City, Carson City and Dayton. It is expected that it will be a hotly contested meet and while the general impression is that Elko has the strongest team of the bunch, the other teams also claim their superiority.

While the home boys have not the talent to draw on that the other towns boast, they sent a team that will surely make a good showing. Following are the home boys who will participate:

100-yard dash—Theo. Gosemaker and Harry Wylie.  
220-yards dash—A. R. Raycraft.  
High Jump—J. Chartz.  
Shot put—H. H. Raycraft and Geo. Keith.

Hammer throw—H. H. Raycraft.  
Broad jump—Doras Duvall.  
One mile run—Franklin Rodgers.  
One-half mile run—John Chartz, Jim Grant.

Declamation contest—Miss Mary Carson, Herbert Mulcahy. Substitute—Sybil Shadler.

Up to the time of going to press we were unable to get any returns of the meet.

## Morgan for the Senate

Cesar Morgan of the Reno Gazette is mentioned as a probable candidate for the State Senate from Washoe county.

Washoe county always fared well when it elected a newspaper man as Senator. She raked in the University when Powning was there and got every thing she wanted when Nate Roff was on deck.

It would seem that newspaper men are every elert for the welfare of their counties. If a Republican has to be elected from Washoe it had better be a newspaper man. A Democratic newspaper man would probably do even a little better.

## The Kendall Inquest

The inquest on the body of Otis Kendall, who met his death by being steamed in the Bonanza steam bath at Walley Springs, was to the effect that he came to his death from suffocation and paralysis brought on by excessive heat and liquor.

Thomas Kendall, a brother of the deceased will arrive here on this evening's train to take charge of the remains and they will be taken to Salt Lake for burial.

## Visiting Here

Home? Wilson, a former resident of this city, is here renewing old acquaintances. Prior to the earthquake he had an office in the Mills Building in San Francisco.

## Annual Dinner

The ladies of the Methodist church will give their annual dinner on Decoration Day in Odd Fellows' hall. The proceeds will be used to repair the church.

## Sensational Cobalt Discoveries

NEW YORK, May 25.—Marvellous discoveries of cobalt the mineral which forms the key of Edison's new storage battery which promises to revolutionize the application of electricity to automobiles and other commercial enterprises, were announced in dispatches from Charlotte, N. C., last night. At the same time it was learned Thomas A. Edison is hurrying to the mines, which have been discovered through his efforts, with two big automobiles carrying a portable laboratory and all the apparatus necessary to demonstrate the extent of the find.

Mr. Edison's representatives, who have been prospecting secretly for months, have secured options on a large tract in the supposed cobalt district, and should the discovery prove as extensive as the dispatches indicate, the Wizard will begin mining at once and his new storage battery will be put on the market in a short time.

Percy Gardner of Reno was in the this city. Mr. Gardner is called Colonel now since he pulled off a big mining deal in Reno.

## SCHOOL ELECTION

## NAMES OF THE CANDIDATES WHO WILL BE VOTED FOR MONDAY

The following ticket will be put before the voters of the Carson School District on Monday, May 28, 1906.

## Election of School Trustees

Carson School District No. One.  
Place an X opposite and to the right of the name of the person for whom you wish to vote:

## For School Trustee (long term).

Cutts, August  
Deady, C. L.

## For School Trustee (short term).

Radesky, von C. W. R.  
Stewart, Chas.

Each writer will vote for one each, for the long term and the short term.

## Off For Virginia

At least two carloads of people will go from Carson City to the Comstock tomorrow to attend the Eagles' Memorial day services, to which everybody is invited. The train will leave at 8:35 and return at 5:30. The fare is only on dollar for the round trip.

## A Vacation

There will be no school Monday on account of the election taking place at the building that day.

## FOUGHT A DUEL

SAN FRANCISCO, May 25.—Refugees in dispute over tent rights duelled with pickaxes in Columbia square last night. The battle was to be to the death and ended only when Edward Kline fell mortally wounded by William Bell. Kline lay upon the rain-soaked sward, the blood gushing from his wounds. All the ribs on the right side were fractured, and the pointed-like point of Belle's pick had pierced his side, puncturing the lung. Bell was arrested as he stood over Kline's prostrated form with his weapon poised for another blow. No charge will be placed against him until the outcome of the fray is known but the physicians think Kline will surely die. The battle arose when the rain came on and each man claimed the right to move his tent to a plot of ground higher than the rest and affording dry flooring during the storm.

Each man seized a pick to drive the other from the coveted site and before the other campers realized that there was a quarrel the steel points of the picks were clashing as each combatant swung for a vital spot. Before the quarrel, it is said, the men were the best of friends.

## The Dear Little Sage Tick

There is a dear little insect called the sage tick that in the spring especially does its part to keep things moving. It roams around the human anatomy with the abandon of a band leader and is an awful bore at times.

The north ends of these cute little crawlers of the desert are fitted up with burly drills, while their legs sort of lovingly embrace their friends and keep them scratching while the drill is puncturing your cuticle. After the hole is drilled they shove their heads into it and begin having something with you. The scientists have a Latin name for them which is, "theybite-likehell."—Bulletin.

## Proposals for Fence and Coping

Proposals will be received by the State Board of Military Auditors to construct a concrete coping and furnish and place on said coping an iron fence on the exterior boundary of block 2 of Sears, Thompson and Beardsley of Carson City, Nevada, up to 12 o'clock m., on Saturday the 16th day of June, 1906.

No bid will be considered unless accompanied by a bond or a certified check in the sum of one thousand dollars for the faithful performance of the work.

Plans and specifications can be had of the Clerk of the Board.

Proposals should be addressed to S. H. Day, Clerk of the Board of Military Auditors, and endorsed, "Proposals for Fence and Coping."

The Board reserves the right to reject any or all bids.

By order of the State Board of Military Auditors S. H. DAY, Clerk. May 26, 1906

## RAMSEY IS RICH

## FRESH EXCITEMENT OVER NEW STRIKES IN THE DISTRICT

Report of another rich find in the Ramsey district was brought to Reno yesterday morning by H. Crawford owner of the original discovery. It is located three and a half miles northwest of the original Ramsey strike and quite close to the Linville camp. News of the find has already reached Carson, Virginia City and Dayton and has caused considerable excitement at those places. Rich specimens of the ore were on exhibition here yesterday and show free gold. The ledge is easily traced for at least a mile and a half and in places is as much as fifteen feet in width.

Hornings from the rock run as high as \$100 though a number have been secured running \$50 to the ton.

Colonel Prosky, the well known mining man and capitalist, was one of those places. Rich specimens of the returned yesterday. "I consider it one of the greatest mining propositions in Nevada; the greatest I have ever seen. From Mount Davidson clear into Olinghouse the mineralized ground can be plainly traced. Look for big things in this district."

The rock is described as a porphyritic quartz and occurs in a soft lime formation.—Journal.

## LINCOLN SHORTAGE

The County of Lincoln something over a year ago indicted a number of its county officials because there was a shortage of several thousand dollars. The defendants were tried but one after the other they got off. Evidence had disappeared and etc. and last Tuesday the final disposition of the cases was reached with the acquittal of H. J. Goodrich the Treasurer.

A jury had been impaneled and two witnesses for the prosecution had given their testimony, when Attorney for the defendant W. W. Warner of Salt Lake moved for the dismissal of defendant for the reason that it was not shown that Goodrich had appropriated any of the money himself. Civilly he could be held responsible for the acts of his deputies, but criminally it had to be shown that he had used and taken the money with a felonious and a criminal intent. It was proved there was a shortage, as shown by the experts' accounts, but who had taken the money could not be determined. The courts ruled accordingly.

F. R. McNamee, prosecuting attorney, stated to the court that it was impossible to identify the defendant, criminally with the taking of the money, and on motion of Attorney Warner the court instructed the jury to bring in a verdict of not guilty which they did without leaving the jury box.

This is the last of the embezzlement cases wherein officials have been charged with embezzling the funds of the county. The bondsmen have made up the shortage, but the county will have to stand the expense of the prosecution, which will amount to a great many dollars, as the jury panel has been very large and a large number of witnesses have been in attendance from all over the county.

The county is still in arrears to the state in the neighborhood of \$10,000 and just how the State authorities will get the money has not yet been determined on.

## Long Shot Won

He copped the purse of \$20,000 and was no. 13 on the betting card. No one ever heard of the horse before or the jockey that rode him.

The mare's name was Tokolon and she was forty to one shot.

The victory of this poor mans horse ridden by a boy in a faded jacket cost the public about four hundred thousand dollars. The grandstand received the result in grim silence. It was a scene calculated to make Bodie Wilson of this city, throw up his hat.

According to the Reno Gazette, Marshall Grimmon has closed a deal for the purchase of a five acre tract belonging to Senator Newlands, fronting on the Truckee river and lying immediately east of his home. The price is not given, but it is understood to be \$5,000. The tract will be divided in two tiers of lots which will be sold for residence purposes.

## YELLOW STREAK

## HERRERA DOES THE LOBSTER ACT IN LOS ANGELES LAST NIGHT

The much advertised fight at Los Angeles between Battling Nelson and Herrera did not come off owing to the principles having had a falling out. It looks as if somebody wanted to job the public and it couldn't be pulled off of just right.

The following dispatches tell the story:

The crowd impatiently called for the dressing room.

The crowd becoming very impatient indulged in calls for the fighters.

It was reported that Herrera still refuses to go into the ring. It is also reported that Nelson refuses to go into the ring unless Herrera weighs in.

Nelson claimed the weight forfeit. It is said that Herrera will also claim the "appearance" forfeit.

Herrera sent word that if they would take the scales out of the ring he would come in and fight.

The scales were removed from the ring and Nelson begins to strip for battle amid wild cheers of the crowd.

Herrera entered the ring amid hooting of the crowd. Herrera positively said he will not weigh in.

Announced that fight is off. At last Herrera said that he would weigh in, but Nelson said he had waited two hours for him to do so and now he would not go on with the fight. Announcer stated that there will be no fight and that seat holders will get their money back on coupons. The crowd left the hall in good order.

## STATE CLAIMS

## For Nevada Hospital For Mental Diseases

S. C. Gibson	31 87
Reno Mercantile Co.	69 05

## Relief Corps Notice

Members of Custer Corps W. R. C. No. 15 are requested to meet at Masonic Hall at 2 p. m. on Sunday the 27th inst. to hold Memorial Services for deceased members.

Also to meet promptly at 7 p. m. to accompany the G. A. R. in attending divine services at the Presbyterian Church. A full attendance is desired.

## By order of the President.

## Refugee Party

On Thursday evening a novelty in the shape of a "Refugee Party" was given to Miss Felice Cohn at her residence.

The guests were dressed as if they had just got into Carson from the earthquake. It was great sport and the guests thoroughly enjoyed themselves.

A vein of \$40 ore is said to have been developed on the west side of the Como range in mining locations under bond to a Salt Lake company.

## Stoves, Ranges, Heaters

## All Styles Sizes and Prices

Ed. J. Walsn

## SPRING GOODS

Are beginning to arrive and in splendid assortments. They are the latest.
